Prerequisites:

For successful delivery of this service following prerequisites must be complete:

- Complete Installation of Serena DimensionsRM according to installation procedures.
- Support contract in place for Serena DimensionsRM and Software Environment including Operating Systems and Databases.
- Remote Access to the DimensionsRM application server with webex available.
- Availability of a technical responsible on customer side for the DimensionsRM application and the DimensionsRM database server.

Pricing Information:

Service rates are available on request. Rates include all services described. Options (Onsite Helpdesk, extended Service Hours, local language support) are not included unless otherwise specified.

The service will be charged for a one year period at the beginning of the contract. It will continue for another one year period if not cancelled latest 3 month before ending.

Service Rates for Premium Support depends on number of licences and size of integration and customization. Any extension during a service period has to be communicated to QualityPark and may lead to an increase of the service fee.

Expenses for travel and accomodation are not included in the service rates and will be charged on cost base.

Prices are exclusive tax.
