

Serena Dimensions RM Advanced User Training QP-TS2-07

This training course presents the advanced features of Serena Dimensions RM and is recommended for Business Analysts and other roles, which are fully involved into requirements engineering tasks. Key topics for this training are:

- Introduction into Requirements Engineering
- Basic Lifecycle Process for Requirements
- Capture and Analyze Requirements
- Requirements Change Process
- Analyze Requirements and Traceability
- Baselining Requirements
- Work with and Manage Documents
- Create and Run Reports

Benefits:

All trainings of QualityPark are performed by high qualified and experienced trainers. An elaborate schedule allows enough time for practical experience with the tool.

The content of the training can be adopted according to a concrete requirements process.

Services:

The training will be provided according to approved QualityPark-Methods. This offer includes the following services:

Preparation	Tailoring of training content, check for prerequisites
Training	Realization of a two-day training (approx. 8 hours incl. breaks) as inhouse training on the customers site
Handout	Training handout and confirmation of attendance for each participant

Premises:

For a successful and effective performance of a two-day training a number of 3-10 persons is required and has proved to be particularly effective. **Participation does require basic knowledge in RM** (e.g. Serena Dimensions RM Basic User Training).

Following equipment is needed for the training: a meeting room with **sufficient space, a running environment of Serena Dimensions RM for practical demonstrations.**

Further requirements are not needed.

Price list (without obligation):

QualityPark performs this service at a fixed price of **900 € per participant.** A **minimum number of 3 participants** is required for this training.

Travel expenses off-site Berlin will be charged additionally on cost base.

All prices are listed exclusive VAT, valid at the date of issuing the invoice. These services are subject to the general terms and conditions of QualityPark GmbH.

Further Trainings:

Dimensions RM Basic User Training

Dimensions RM Administrator Training

Further training offerings are available on request (e.g. Developer Training)
