

## Serena Business Mashup Developer Training

QP-TS6-08

The Serena Business Mashup Developer Training represents the comprehensive knowledge base to make your company ready for Mashups. Containing the advanced feature set of Serena Business Mashups it will enable your staff to reap the full potential of Serena Business Mashups.

This training is primarily recommended for Business Developers, who are designing, building and testing mashups.

### Benefits:

All trainings of QualityPark are performed by high qualified and experienced trainers. A well-conceived schedule allows enough time for practical experience with the tool. The content of the training can be adapted to a specific business process.

The course participants will benefit from the trainers deep tool knowledge and will be enabled to create your own business applications in a fast and easy way.

### Services and Deliverables:

The training will be provided according to approved QualityPark methods. This offer includes the following services:

Preparation	Tailoring of training content, check for prerequisites.
Training	Realization of a three-day training (approx. 8 hours per day incl. breaks) as in-house training on the customer's site. Key topics for this training are: <ul style="list-style-type: none"> <li>• Introduce Serena Business Mashups</li> <li>• Understand the workflow concept (transitions, attributes, forms, roles)</li> <li>• Create an advanced application workflow</li> <li>• Deal with orchestrations</li> <li>• Manage events and webservicees</li> <li>• Test the application workflow</li> <li>• Deploy the mashup</li> </ul>
Handout	Training handout and confirmation of attendance for each participant.

### Prerequisites:

For a successful and effective performance of the training the number of participants is limited to a maximum of 10 persons. This limitation has proved to be particularly effective.

Following equipment is needed for practical demonstration and utilization: a meeting room with sufficient space as well as the appropriate environment like Serena Business Mashup Server and clients. To ascertain high quality training we recommend supplying at least one client for two participants.

Further requirements are not needed.

### Price list (without obligation):

QualityPark performs this service at a fixed price of **6.300 € per course**.

Expenses for travel and accommodation are not included in the service rates and will be charged on cost base.

Prices are exclusive tax. These are subject to the general terms and conditions of QualityPark GmbH.

### Additional Services (available on request):

***Serena Business Mashup User Training:*** Basic knowledge and practical experience of Serena Business Mashups for end user.

***Serena Business Mashup Administrator Training:*** Comprehensive training for deploying and administering Serena Business Mashups.

***Pilot Startup Serena Business Mashups:*** This service enables you to run a pilot with Serena Business Mashups within a very short timeframe. To get familiar with mashups a simple process defined by the customer will be implemented.
